

an initiative of

CHANGE A CHILD

YOU CAN HELP!

Gateway Community Outreach is a faith-based economic crisis intervention program that is a vehicle to stop the downward spiral that can lead to homelessness before it starts. We currently operate 12 satellite food sites in Broward and Palm Beach County, responding to people in crisis situations to help them maintain self-sufficiency. This is accomplished with the implementation of a 90 - day plan that empowers people with the resources to take responsibility for solving their problems.

The "Change a Child" program to benefit Gateway Community Outreach provides the opportunity to collect spare change or donations that will impact a change on the lives of children and families in our area. Your contribution will provide assistance to families with children who are in need.

All you have to do is collect your spare change and put it in the baby bottle provided over the next two weeks. Then on the date assigned, please bring your baby bottle back to the assigned place. It's that simple! Donations are also welcome and appreciated.

Make your check payable to "GatewayCommunity Outreach".
